

Walters & Shutwell Inc. and ALL Associates Group Announce Strategic Initiative

FOR IMMEDIATE RELEASE:

Raleigh, NC, June 10, 2013:

Walters & Shutwell Inc. and ALL Associates Group today announce an international, independent network of experts, solutions and services that help companies identify and achieve the reality of the paperless work environment. These solutions and services align technology strategies with the goals of the end user.

This initiative will leverage best practice analytical tools, models and methodologies to rapidly audit and reveal gaps in technology utilization and optimization.

The partnership is responding to growing market demand for independent thought leadership, clarity and innovation. Managing the explosive growth of content and its impact on business processes and operations is now critical in both mature and emerging markets.

"We are pleased to partner with ALL Associates Group," said Greg Walters, President, Walters & Shutwell, "ALL Associates brings a wealth of data, expertise and credibility from the business intelligence industry. The timing for this alchemy is ideal as end users have access to unprecedented amounts of data, however, data alone is insufficient and unbiased expertise is essential."

"ALL Associates Group has been exploring ways to empower end user decision making." said Eddie Riddell, ALL Associates Group, "This partnership with Walters & Shutwell, affords us considerable talent to expand a compelling and sustainable framework that delivers value through knowledge and data."
